

CONTENTS

PART I – NORTH PACIFIC RESEARCH BOARD.....	4
A New Marine Research Program for Alaska	
Enabling Legislation	
Annual Highlights: 2001-2008	
The North Pacific Research Board Today	
PART II – SCIENCE PROGRAM.....	16
Furthering Knowledge about Alaska’s Seas	
The Science Plan	
North Pacific Research Board Science Program through 2008	
Synthesis and Database Development	
Research Topics 2002-2008	
Lower Trophic Level Productivity: Basis for All Life in the Sea	24
Fish Habitat: Oases of Ocean Life	38
Fish and Invertebrates: Alaska’s Ocean Bounty.....	52
Marine Mammals: Sentinels in the Sea	102
Seabirds: Winged Indicators of Change	124
Humans: People and the Sea.....	138
Other Prominent Issues: Ocean Challenges	150
Integrated Ecosystem Research: From Physics to Fish.....	158
Other Research and Partnerships: New Ways of Knowing Alaska’s Seas.....	166
PART III – EVOLUTION OF A NEW MARINE SCIENCE PROGRAM	182
Policies and Procedures	
North Pacific Research Board	
Committee Structure	
Finance and Budgets	
Miscellaneous Science Policy Issues	
View Toward 2009 and Beyond	
APPENDICES	208
North Pacific Research Board In-Depth	
Appendix I: People	210
Appendix II: Projects.....	216
Appendix III: Publications	234
Appendix IV: Policies	242
